

LineaAqua Announces High End Luxury Kitchen Faucets & Soap Dispensers & Pot Fillers

LineaAqua the leader in high end luxury kitchen and bathroom fixtures is breaking into the Faucet market.

January 13, 2006 (FPRC) -- Many of you know LineaAqua for manufacturing unparalleled bathroom vanities, total steam shower enclosures and glass shower enclosures and many other luxury kitchen and bathroom fixtures.

We have now introduced our new Luxury kitchen & Culinary faucets in stainless steel with finishes such as chrome, satin nickel and stainless steel. These ultra-luxury faucets are the perfect combination of form and function. Features such as ribbon-style spouts, pull down & pull out sprays, pot fillers and more.

LineaAqua mission is to offer Luxury Kitchen & Bathroom products directly to the end consumer & home remodeler. We offer an affordable and convenient alternative to the traditional plumbing showroom. With quality products, timely shipping, and excellent customer service LineaAqua is sure to provide you with the best in Kitchen & Bathroom Fixtures.

LineaAqua's products are in stock and we offer free quick shipping in the US. All faucet components are tested in our testing facility for quality. All faucets are hand-packed inspected for fit, finish and overall quality.

Remodeling a kitchen is easier then ever with the right kitchen fixtures, Lineaaqua's faucet line varies from modern designs to minimalistic styles all of which can easily transform your kitchen into a beautiful work of art.

Lineaaqua works with designers & architects to help home owners design the high-end kitchen or bathroom of their customers dreams.

LineaAqua invites you to view the luxury faucets for your kitchen. Plumbing showrooms are invited to contact LineaAqua about carrying our product line as a way to offer your customers Luxury Products at affordable prices. Please contact Yury Rush @ 866-536-0593
