January 13, 2006 (FPRC) -- Top Secret wealth secret education spells power & money. In fact, the best kept money management secret of 2006 is inside this new e-book called "Opportunity of a Lifetime". It will reveal how it's possible to wake up one morning and become a millionaire.

Little time (30 min.) is needed on your end with no real work involved, no trading accounts needed and best of all no experience required. Although a little risk capital is required to purchase these certain high quality products discussed inside this new book, for every \$3k invested could possibly turn into a million in US dollars in 2006-2007.

That makes these high tech products revealed inside this book the best buy of 2006 in my book of thought. You can purchase these products all by yourself once you learn how easy.

Inside the Opportunity of a Lifetime e-book are complete details that show what, when, where, why (with a short history of this product line) and how. Nothing is left to chance.

This is a stupid simple early retirement plan for anyone with a little bit of risk capital. Wouldn't it be great if you knew in advance what products to buy before those products exploded into much higher dollar value onto the world marketplace and soon?

That is what becoming a easy millionaire or a multimillionaire quickly is all about. And that is exactly the type of products that this e-book describes and can lead you to discover.

In other words you will have an "unfair advantage" over 99.9% of the worldwide population once you learn about these products that already have had several US billion dollars put into them by mega-billionaire investors. These billionaire guys don't lose to often thus creating low risk for you.

With this kind of information in your hands, anyone can join the ranks of the rich and powerful if you simply apply what you learn inside this e-book and tag along with these billionaires without their knowledge!
