

Currency Dealer Specializing in Rare Uncirculated, Gem Uncirculated, and High Quality Mid-Grade Antique US Currency!

We are an internet based currency dealer specializing in rare collectible US currency. We offer TOP quality uncirculated, gem uncirculated and mid-grade antique US currency. Whether your interest be the silver certificate, gold certificate, legal tender note, or treasury note, we can help!

January 15, 2006 (FPRC) -- At KingCurrency.com we are here to serve your collecting needs! We carry a large inventory of silver certificates, gold certificates, legal tender notes, and treasury notes! Whether you are looking for that perfect single rare currency note, or you want to build an entire collection we are here to help! We are experienced buyers/sellers. In fact, we have been ebay members for the last five years (handle: kingcurrency). We have maintained a 100% FEEDBACK RATING by EXCEEDING customer expectations.

At KingCurrency.com we pass over hundreds of antique notes in search of the best. We actively participate in major auctions, paper money shows, and private dealings as well. Whether you are a collector, investor, or both we are sure you will be pleased with the results! Your satisfaction is a MUST! Feel free to browse through our collection of top quality rare US currency, and contact US with any questions. We will be glad to help.

At KingCurrency.com we also actively seek out rare US currency. If you have a single note or even an entire collection which you wish to sell please feel free to contact us. Over the years we have gained an astute understanding of what HIGH quality in a note REALLY means, and look forward to sharing this wealth of knowledge and experience with you!!!!

Sincerely,

Dr. Rajesh Shoor, President KingCurrency.com
