

Former United States Marine starts discount travel fares to the U.S. Military

A former United States Marine and a veteran of military travel have started GovTrav Military Discount Travel, a travel service aimed at providing discount travel fares to the U.S. Military; their dependents; and anyone else searching for the lowest Internet fares.

Arizona, January 23, 2006 (FPRC) -- A former United States Marine and a veteran of military travel have started GovTrav Military Discount Travel, a travel service aimed at providing discount travel fares to the U.S. Military; their dependents; and anyone else searching for the lowest Internet fares.

Headquartered in SW Arizona, GovTrav Military Discount Travel is owned and operated by a former United States Marine, and the Vice-President of Operations has 20+ years as a Military Travel Specialist, having operated a private Travel Agency for one of America's largest U.S. Air Force bases.

Today's travelers are shopping for bargain Internet fares, only to be met with constant rising prices and "hidden costs" which is frustrating. GovTrav Military Discount Travel has risen to the challenge of finding the lowest Internet fares allowed by all of the world's major Airlines; Hotels; Cruise Lines; Car Rental Agencies, and pass these savings to the traveling public.

When you first come to the website, you'll be very pleased that you're not on a "typical" Travel site, being bombarded by a lot of useless ads and banners -- the Owner, and Vice-President know that travelers are coming to the site with specifically 3 objectives to accomplish: Information, Pricing and Availability.

By booking your Reservations through their site, you can expect to save up to 50% on Hotels around the world; save up to 70% on Cruises; save up to 70% on Vacation Packages Tours and Discounted Car Rental rates ... and their 2005 Travel Agency Awards clearly shows their dedication to the traveling public, from this partial list:

- * - Carnival Cruise Line Winner's Circle, top 20 agencies, USA
- * - Royal Caribbean Cruise Line Royal Celebrities, top 30 agencies, USA
- * - SuperClubs Diamond Agent, top 10 agencies
- * - Sandals STAR Award, top 30 agencies, North America
- * - Travel Impressions Best of the Best, top 25 agencies, USA
- * - Princess I Excel Gold, top 10 performing agencies, USA
- * - Holland America Centurion Member, top 20 agencies, North America

What vital travel information can you expect to find?

They give you very helpful links so you don't have to go searching all over the Internet, such as:

Airline Meals - Airport Limos - Customs & Disease Info - Family Resorts - Federal Hotel Guide - Global Military Bases - Passport Info - Pet Friendly Motels - U.S. Army Lodging - U.S. Air Force

Lodging - U.S. Coast Guard Lodging - U.S. Marine Corps Lodging - U.S. Navy Lodging - U.S. Navy SEAL's Lodging

Another part of their very impressive business is creating "Custom Business Cards"

The Owner will either create a Custom Business Card for the traveling businessperson, or will just print your existing card for a very low Internet price, who wants to leave a lasting impression with their client(s) before returning to their home-base ... it's a well-known fact that your Business Card say's alot about you -- and they've been helping many clients for several years to attract new clientele that tell potential customers you have a business with class.

It is inevitable, that they will continue to experience a steady growth as they merge with many web partners in the future, and are contemplating allowing Advertising for a very low annual price.
