

Prepare For Football Season With Home Theater Seating from FurnitureBlue.com

Wide Home Theater Seating Perfect For Tall Individuals And The Biggest Football Fanatics.

July 14, 2006 (FPRC) -- Boca Raton, FL -- Get ready for this year's football season by converting your living room or dedicated home theater into the ultimate viewing experience. FurnitureBlue.com launched two new Home Theater Seating models ideally suited for taller individuals and sports fans. The Cagnie and Bronsone product lines are taller, wider, and more comfortable than most home theater seats on the market today. You may also choose from five other Palliser home theater seating styles to convert your room into the most luxurious and comfortable stadium seating just in time for this year's kick off.

The Palliser Cagnie offers wider seats than standard loungers and 43 inches for maximum neck and head support. This model's "Wall Hugger" design allows you to place the seat within inches of the wall while still fully reclined. For the ultimate Home Theater experience, the Cagnie offers state-of-the-art options like Power Recline and heart pounding bass shakers. Choose between 50 Microfiber and Top Grain Italian Leather colors.

The Palliser Bronsone model is built to fit the big sports fans. Compared to other recliners, the Bronsone offers two (2) more inches in seat width, one (1) more inch in seat depth, and three (3) more inches in seat height. Customize this model with a straight or curved configuration. Add as many seats and rows to fit your guests and living space. This model offers over 50 Microfibers and Top Grain Italian leather color choices, two (2) cup holder colors, and five (5) unique maple wood base finishes.

All Home Theater Seats from Furniture Blue are "made to order" allowing you to customize any seating configuration to your room's dimensions. All Home Theater Seating is shipped within 28 to 42 days and the modular design makes them easy to assemble in seconds with no tools. The Home Theater Seating ergonomic design provides maximum comfort with lumbar support and continuous, head-to-toe support when reclined.
