

Predator Automated Marketing System (PAMS) takes the Internet by Storm

If you're a home based business seeker, here is your opportunity to be one of the first involved with the new Predator Automated Marketing System, recently announced by Mentors on a Mission, Inc.

September 22, 2006 (FPRC) -- "The main benefit is that we show our members how they never need to buy leads again," said Dr. Keith Vanic, Master Closer and Mentor with PAMS. "That is why we have attracted successful entrepreneurs, especially from programs like Liberty League, Emerald Passport, Coastal Vacations, and Prosperity Automated System (PAS). All of these programs can generate a big immediate income, but, only if you have enough good quality leads".

The Predator Automated Marketing System is a new, totally automated marketing system. This wealth building system does not require any sales skills, prospecting skills, making phone calls, closing skills or working long hours. The automated system does all of this for you. The average PAMS member spends 30 minutes a day working their Internet business.

The Predator Automated Marketing System is the state-of-the-art automated marketing tool for serious business owners. The Predator Automated Marketing System builds the user's existing business, generates multiple income streams and promotes itself.
