

## **Additional Service for Personalised Number Plate Buyers**

*Northumbria Numbers adds to their total service concept by offering customers replacement acrylic number plates.*

March 18, 2007 (FPRC) -- Northumbria Numbers have added to the range of services available to their customers by offering replacement acrylic number plates to accompany the personalised registration number of their choice. This complements the free transfer administration service offered to all buyers purchasing from Northumbria Numbers and means that a complete service is now available to customers. Northumbria Numbers' customers can now order their personalised car registration , arrange the transfer , receive all amended vehicle documents , tax disc and replacement number plates without leaving the house.

The number plates are offered at a very competitive price of £25 including post, packing and vat and are available in plain or europlate styles. The europlates can be specified with the flag of St George , Saltire or Red Dragon for those wishing to show their allegiance to England , Scotland or Wales. Europlates are especially attractive to drivers who take their car to continental Europe as they replace the ugly and sometimes paint damaging GB stickers otherwise needed.

All number plates supplied conform to British Standard BS AU145d and all current legislation governing fonts, character spacing etc. Customers will be required to supply one additional document to prove I.D. so Northumbria Numbers can comply with legislation governing number plate suppliers.

Northumbria Numbers offer a one-stop shop service to personalised number plate purchasers one order covers all aspects of the personal car registration process ,there is now no need for the customer to deal with at least three different suppliers to complete the change of registration number of his/her car.
