

PRWallStreet.com Announces Free Press Release Distributions

Another free press release distributions has been launched to boost the voices of both stock and non-stock companies in their media outreach.

June 26, 2007 (FPRC) -- STERLING,VA - Online Directory Networks Inc, publishers of Pressmediawire.com, today announced an addition to its PR Network , PRWallStreet.com. This new portal has been established to become one of the main and major source of information for all media with concentration in finances, investors and industrial news.

PRWallStreet.com has different distribution levels with submissions to targeted top US newspapers, financial portals, major cable networks and shows like CNN Money, CBS MarketWatch, MSNBC among others and Optimized search engines submissions to Google News, Ask.com Blogs etc. The site also provides these distribution to meet US SEC's Reg. FD guidelines for public stock companies. A cost-saving program has also been put in place for most companies to send unlimited press releases for a year at a low-cost investment.

PRWallStreet.com also accepts free press release for distributions as well. All companies can also showcase or list their events such as trade shows and others for free on the site. CEO Isaac Aboagye said, "The site is set to become one of the nations top press release portals for industrial, financial and Investor news releases."
