

## **Dallas Carpet Cleaning and Restoration Business Unveils its New Website**

*Dallas Carpet cleaning and restoration industry welcomes TheSteamteamdfw.com to its list of top industry players. The new cleaning and restoration service comes at a time when the Dallas Forth worth area is starving for quality, reliability and fast response to natural disasters*

July 3, 2007 (FPRC) -- Dallas Carpet cleaning and restoration industry welcomes TheSteamteamdfw.com to its list of top industry players. The new cleaning and restoration service comes at a time when the Dallas Forth worth area is starving for quality, reliability and fast response to natural disasters.

Dallas Carpet cleaning and restoration industry welcomes TheSteamteamdfw.com to its list of top industry players. The new cleaning and restoration service comes at a time when the Dallas Forth worth area is starving for quality, reliability and fast response to natural disasters.

Armed with Blackberries and GPS devices, communicating via email, and dispatching with cellular phones and text messaging is not the type of equipment you would expect from a carpet cleaning and restoration business. Jeff Lester, Partner of The Steam Team, says: "To provide top notch cleaning and restoration services in the Dallas area, we have to be equipped with every tool possible."

The Steam Team was created in 1983 in Austin, Texas, and has worked its way to become the leader in the carpet cleaning and restoration arena. After 24 years dominating the Austin market, The Steam Team decided to test the Dallas carpet cleaning market. The new venture received an overwhelming response from a Dallas Market deficient in fast, reliable and quality service with a first response team.

The Steam Team Dallas division is more than a carpet cleaning and restoration operation. DFW Carpet Cleaning offers carpet, upholstery, drapery, oriental rug and tile cleaning, fire and smoke restoration, marble polishing and hardwood refinishing as well as assistance dealing with insurance claim process.

The Steam Team Dallas division's new website is a convenient communication tool designed to serve as a communication platform for busy professionals and commercial customer to request quotes, schedule appointments, and order online from carpet cleaning services to Dallas restoration services.

For additional information visit The Steam Team website:

About The Steam Team:

Founded in Austin, Texas, in 1983, The Steam Team has been the leader in carpet cleaning and restoration services in both the Austin and greater Dallas area.
