

Hillary Clinton... Love Her or Hate Her... She Makes People Listen... So Can You

The secret is in SPEAK WITH PASSION, SPEAK WITH POWER! by Pamela Gilbreath Kelly, slated for the 2007 Hollywood Book Festival. Whether you're delivering a presentation, teaching a class or interviewing for a job, SPEAK WITH PASSION, SPEAK WITH POWER! gets you in action, taking the steps to becoming the best communicator you can be.

July 3, 2007 (FPRC) -- "Speak with Passion, Speak with Power!" (ISBN 978-0-9791001-0-9, Upward and Onward Publishing, April 27, 2007) provides a proven roadmap for becoming the best, most successful speaker and communicator you can be.

"To be successful, you must be able to express your ideas clearly and convincingly, so that people get who you are and get your message," says author, teacher and former actress, Pamela Gilbreath Kelly. "Most people feel comfortable with one-on-one communication, but would rather die than speak in public! By moving through and completing the step-by-step method in "Speak with Passion, Speak with Power!", you'll understand that the knowledge you're gaining has the power to move you to new heights and successes that are yours for the taking."

Pam will be signing "Speak with Passion, Speak with Power!" at the 2007 Hollywood Book Festival on Saturday, July 28, 10am to 5pm. The location is the Barnsdall Art Park at 4800 Hollywood Blvd, Los Angeles, CA 90027. Joining her are Carolyn Howard-Johnson, award-winning author of the "How To Do It Frugally" series of books, novels, poetry, short stories and more; and Janet Goliger, author of "I Need to Be SAFE: I'm Worth It! - How to Protect Your Child from Danger." Closer to the event, check for the booth number at www.pkelly.com.

"Speak with Passion, Speak with Power!' was born after I woke up to my inauthenticity as a communicator and speaker. If you're going to communicate clearly with others, you have to be able to communicate clearly with yourself," Pam shares. "As a child, I was surrounded by emotional pain, I was afraid to show people who I was and I hid behind masks... Sound familiar? Eventually, in my 30's, I put myself into an incredibly powerful seminar program led by world-class trainers. They taught me to communicate clearly with myself by coming out from behind the masks, by being accountable for my results, doing what works and by being myself, on purpose."

"For over 20 years, I have applied this knowledge while teaching communication and speaking skills to professionals around the world - in corporations, government agencies and academic institutions. The result is this easy-to-read, easy-to-understand roadmap to communication and speaking success.
