

## **Electric Fireplace Prices are Lowest in the Summer Months**

### *Maximum Discounts on All Electric Fireplace Models During The Summer Months From FurnitureBlue.com*

July 31, 2007 (FPRC) -- The best bargains for an electric fireplace occur during the summer months. FurnitureBlue.com, a leading online home furniture store, offers major discounts and free shipping on all electric fireplace models while the outdoor temperature is still hot. Buying a fireplace now instead of September saves consumers significant money.

An electric fireplace is environmentally friendly with no smoke, fumes, or ashes. There are no carbon dioxide emissions, no inspections, no EPA regulations, no energy loss, and zero clean-up. FurnitureBlue.com offers electric fireplace inserts and beautiful wood mantels to fit any décor. With savings up to \$500 and FREE shipping, a \$70 - \$150 value, now is the right time to add a fireplace to any room.

Electric fireplace inserts fit into many entertainment centers, cabinets, and mantels. They can convert a wood-burning fireplace into a green, electric fireplace. Choose from multiple styles and sizes. Most models install in minutes, use a standard 120 volt outlet, and require no additional venting or permits. Wall mantels, corner mantels, bookcase mantels, and electric fireplace inserts are priced at the lowest levels of the year. This could be the perfect summer project.

Even before the summer discounts, FurnitureBlue.com has a 110% Lowest Price Guarantee on all home furniture. If a lower advertised price from another store is found, FurnitureBlue.com will beat the price by 10% of the difference. Competitor's advertised product price must be the exact same model number from the same manufacturer, have ALL of the same features, and use the same shipping method.

FurnitureBlue.com is committed to providing the most convenient shopping experience possible over the Internet and/or telephone. FurnitureBlue.com partners only with select top-tier furniture and accessory manufacturers. FurnitureBlue.com works closely with the management and operations staff of its Manufacturer Partners to ensure a highly cooperative experience. Each manufacturer's product line is evaluated on its comfort, quality, workmanship, warranty, and satisfaction amongst its previous consumers.
