

What are the Most Bling MP3 Players for Christmas 2007?

AllAmericanBling.com releases 2 Top 10 Lists of gift MP3 players, one headed by the Apple iPod Touch, and the other by the Microsoft Zune.

November 12, 2007 (FPRC) -- "At AllAmericanBling.com, we've got the Touch," the spokesman for AllAmericanBling.com grinned as he made his word play. "The Apple iPod Touch not only tops our lists of Most Popular MP3 Players for Christmas 2007, we call the iPod Touch 'The most bling device on the planet.' The Touch is so cool, we have given it it's own page." seen at www.AllAmericanBling.com/Apple16GBiPodTouch, said Jeff Young, spokesman for AllAmericanBling.com.

"Apple is really dominating the bling factor in the MP3 player universe this year," according to Young. "The recent releases of the new Touch, the new Nano, the new Shuffle, and the reworking of the iPod Classics, has caused us to create two Top 10 Lists this year!" Young said.

"We have one list called 'The Top 10 Bling Gifts in iPods'" seen at www.AllAmericanBling.com/Top10BlingGiftsiPods, "and another list called 'The Top 10 Bling Gifts in MP3 Players'" seen at www.AllAmericanBling.com/Top10mp3PlayerGifts.

"Apple has made such a dominant impact, we have given the Apple iPods their own list, and put all other MP3 players on the other list. These lists are not necessarily a list of the technologically best MP3 players, these are lists of MP3 players that we think make the best gifts." said Young. "We are providing a fun, easy way for consumers to find the rights gifts in MP3 players with these lists." said Young.

"We have all price ranges covered, from under \$20 to over \$400. We have large screened media players to devices small enough to be a key chain. Video players are much less money than they have been in the past, and we have noticed a trend toward MP3 players with their own built-in speakers." Young said.

"As we are releasing these new lists, Microsoft is introducing the second generation Zune Media Players, which have of course made our lists, because they are quite bling. You can see details on this cool MP3 player at our site." Young said.

"AllAmericanBling.com has also tried to highlight some of the more fun MP3 players on the market with these lists, such as the Sandisk Shaker, the MP3 player that changes songs when you shake it!" Young said.

What are the other MP3 players on the list? Which model of Apple iPod rank in what order? "You will have to visit our site to see." Young said. "After all, we do try to make coming to AllAmericanBling.com a fun shopping experience of discovery!" Young said.

AllAmericanBling.com is the new shopping and gift web site from Vista Virtual, LLC. The web site keeps consumers up with the latest "bling" including Razr Phones, iPods, jewelry, and the latest in clothing, as well as MP3 players.
