November 18, 2007 (FPRC) -- Safe Life Jackets delivers a Coast Guard approved life vest and inflatable pfd just in time for the family holiday cruise. Safe Life Jackets offers over fifty-five varieties of adult life vests through the ease and convenience of internet shopping. Older versions of life jackets and life preservers can be hot, bulky, and cumbersome. Providing increased protection over older versions of life vests, Safe Life Jackets offers a life vest that is cooler, lightweight, and more comfortable. Constructed with the highest quality materials and components, Safe Life Jackets supplies multiple adult sizes with two or four buckles, a 100% nylon outer shell, and a liner providing a longer life and more comfortable wear than the older and bulkier life vests.

In addition to the adult, child and dog life jacket, Safe Life Jackets offers an online inventory of 12 varieties of the highest quality inflatable vests at competitive pricing. The deluxe inflatable pfd's from Safe Life Jackets combine the advanced safety of inflatable technology with new product enhancements such as a safety inspection window to inform users if the inflator is ready for use. Made by Stearns, the 1339 Ultra Inflatable PFD automatically inflates when placed in water or can be inflated with a pull of a cord. With a lightweight design for high mobility, durable nylon construction, high visibility reflective tape, tri-fold design for quick and easy repacking, and a mesh bag for easy storage the Stearns 1339 Ultra Inflatable PFD can be easily worn over a shirt or jacket and is perfect to take on a large boat.

Safe Life Jackets also offers a wide selection of additional boating safety items to assure safety and peace of mind while enjoying time on the water. Safe Life Jackets online inventory includes safety devices such as Jim and Taylor Buoy Life Rings along with Stearns Flotation and Utility Boat Cushions.
