

## **Airbrush Tattoo Artists Provide Lasting Impression & Unique Brand Awareness**

### *Marketing Executives Find Temporary Tattoo Kits To Be Creative Promotional Tools*

(Huntington Beach, CA) December 4, 2007 – [www.TribalInkProducts.com](http://www.TribalInkProducts.com), a provider of airbrush tanning, temporary tattoo supplies and airbrush tattoo artists, today announced the availability of custom logo stencils for corporate events and tradeshow.

Companies looking to leave a lasting impression on their target audience can utilize the custom airbrush tattoo kits provided by Tribal Ink to promote their product or service. Airbrush logo tattoos are ideal for tradeshow and corporate events, as few marketing tools draw the crowds or impact as effectively as airbrush tattoos. Temporary airbrush tattoo paints and inks are instant drying, water resistant, lasting on average from a few days up to one week.

"Marketing executives are always in search of low cost promotional tools that create brand awareness and brand loyalty among their customer base," said Mark Dixon, spokesperson for Tribal Ink. "Airbrush tattoo kits provide organizations the ability to literally leave a lasting impression on their customers and prospective buyers, as well as draw a crowd at tradeshow and events," Dixon concluded.

Tribal Ink provides airbrush tattoo and airbrush tanning supplies, equipment and trained professionals that can attend events and tradeshow. Airbrush tattoo artists provided by Tribal Ink are skilled in creating unique body art, in addition to effectively drawing in and working the crowds during demonstrations and applications.

As the demand for temporary tattoos and has increased, affordable solutions have become more readily available. Previously available only to the movie and modeling industry, airbrush tattoos and airbrush tanning is now affordable and accessible for everyone. Temporary tattoos allow people to make a statement, create a unique look for an event or simply have fun without the cost, pain or commitment associated with permanent inking.
