Shopping4Coupons.com is excited to announce the birth of their new coupon code and promo code WordPress blog at blog.shopping4coupons.com

December 9, 2007 (FPRC) --

Their new coupon code blog was born from the idea that their online shoppers needed easier access to time sensitive online shopping promotions and the latest deals offered by the hundreds of stores listed at Shopping4Coupons.com

Their shopping coupon blog currently has 5 coupon code categories:

- Deals Of The Day
- Free Shipping Offers
- Latest Deals
- Free Stuff
- Printable Grocery Coupons

Shopping4Coupons.com was designed as an online coupon code and promo code website where shoppers can check for deals of the day, special merchant offers, promo codes and free shipping deals from hundreds of online stores such as Overstock.com, Macys.com, Target.com, REI.com, FTD.com and more.

Their department categories include computers and software, automotive, hand and power tools, home and garden, woman and men's fashions, health and beauty and pets to name a few.

Stacy Jones CFO of Shopping4Coupons.com "We needed an easier way of letting our loyal shoppers know about the 1 day sales, and limited time promotional offers from our hundreds of stores and a WordPress blog seemed to be the right solution." "It is easier to update and we can get the word out about who is having an online sale very quickly"

Shopping4Coupons.com hopes that they can save you money by shopping online with their collection of coupon codes and deals of the day.

They are always looking for the latest promotional offers, so if you find any good sales online that they don't have listed they would like to know about it so they can share this info with the rest of their online shoppers.
