

Slumber Bear Brings Sweet Dreams For Baby: Innovative Womb Sounds Crib Companion Now At Corner Stork

Online baby gift boutique offers unique crib companion that duplicates the actual sounds of the mother's womb and her scent whenever baby needs a little comforting.

December 19, 2007 (FPRC) -- Atlanta, GA – Few things are more precious – or more important – for parents than a good night's rest for their child. In fact, the more we learn about proper rest, the more we understand it's an invaluable part of children's health and development.

That's why the Corner Stork is proud to offer the Slumber Bear with Silkie Accessory, an innovative crib companion that duplicates the sounds of a mother's womb as well as her comforting scent. The sound player is perfectly concealed inside an ultra-soft "sleeping bear" companion with silk blanket, so it's adorable as well as functional. The recorder is removable from the 10" plush bear, and mounts securely to any crib with the included loop strap.

Developed by a pediatrician for use in hospital natal units and nurseries, the Slumber Bear has been used successfully by parents and nurses for over twenty-five years. The recorded womb sounds play on a five-minute shutoff, but a special sensor starts the sounds playing over again if the child stirs. The Corner Stork's Slumber Bear model includes a "silkie" blanket that absorbs Mom's scent, so the child feels her presence near at bedtime. The blanket can even be personalized for a nominal extra charge. The blanket, like the bear's soft pajamas, are available in blue, beige, or pink.

"Peace of mind is perhaps the greatest gift to give a child," says Corner Stork staff writer Michael Kabel. "For children and parents alike, there's no better way to bring comfort and security than for children to feel safe and protected. The Slumber Bear brings that serenity while still letting parents enjoy the freedom of a nursery."

The Slumber Bear with Silkie Accessory can be found under the Corner Stork's "best sellers" category on its main page menu. The site also features hundreds of baby gifts centered on theme and season, a selection of baby gift baskets and layette sets, and baby shower gifts and favors such as gift baskets, gift wagons, and more.
