

Making Every Memory More Beautiful: Memory Albums Now At Corner Stork Baby Gifts

Online baby gift boutique offers unique and personalized memory photo albums in a variety of fashion styles and choices.

December 31, 2007 (FPRC) -- Atlanta, GA – Baby's first years are a time to savor and cherish forever. Now, the Corner Stork makes that easy, thanks to its incredible new selection of memory albums custom-made for the modern family.

Designed with generations in mind, the memory albums featured on the Corner Stork's already huge Web site include something for every member of the family! Some albums are made with parents in mind, some are for brothers and sisters, and some are for whole families together. But each one has something to appeal to every style and taste.

Many of the albums include special charts and tables to clearly and accurately record baby's early vital statistics, habits and patterns. Of course, there's also plenty of room to hold photographs on the sturdy yet non-acidic pages. Specially-treated vellum envelopes hold small collectibles and mementoes, while the soft fabric bindings are both lovely and protective. Many albums come presented in a reusable storage box.

For an extra special touch, other photo albums come with a sturdy yet elegant pewter cover, personalized with the baby's name and birthday. The inside photo leaves hold many standard-sized prints, so parents can feel free to take as many photos as they like.

Another great memory album is the soft and tote-ready album especially for the big brother or sister just learning the fun of having a kid sibling. The albums are child-sized and feature an "I'm The Big Brother/Sister" inscription with pictures on the front, so they're lovely as well as commemorative.

The memory album collection can be found under their own category page at the Corner Stork site, which also features hundreds of baby gifts centered on theme and season, a selection of baby gift baskets and layette sets, and baby shower gifts and favors such as gift baskets, gift wagons, and more.
