

## **Access Payment Solutions Changes Credit Card Processing Through Education and Lower Rates**

*Access Payment Solutions is a rising star in the merchant services industry lowering total bills through reduced rates, merchant education and eliminated costs.*

January 3, 2008 (FPRC) -- Access Payment Solutions is a rising star in the merchant services industry, providing a comprehensive array of competitively priced payment solutions for businesses with an unequalled commitment to excellence, integrity and customer service. The core business is credit and debit card processing, check services, gift cards and equipment solutions for the small to medium-sized business.

Access Payment Solutions consistently lowers total bills through reduced rates, merchant education and eliminated costs. Most clients save an average between 10% and 30% compared to other merchant services companies.

A unique profit sharing approach with Access Payment Solutions' providers squeezes out the middlemen and the markup in rates. The competitive advantage with pricing and the simplified fee structure enables Access Payment Solutions to compete with all merchant service providers.

Another area in which Access Payment Solutions is changing the payment processing industry is their consulting and education services. There is great emphasis on teaching clients the most effective and efficient way of processing payments and servicing customers. This includes full disclosure of all fees associated with the various services.

Extensive client education, unbeatable customer service, lightening fast processing speeds, and their commitment to excellence gives Access Payment Solutions an impressive client and associate retention rate.

Access Payment Solutions is based in Norcross, Georgia and offers comprehensive solutions for Credit Card Processing, Debit Card Acceptance, Check Acceptance, Loyalty Programs, Gift Card Acceptance, Online Transactions, Cash Advance Program, Recurring Payments, EBT Card Processing, Online Account Management, and ATMs. Access Payment Solutions has a unique approach to merchant services emphasizing client education, reduced rates, and excellent customer service. Toll-free, dedicated customer service is available 24/7 - with more than 98% of calls answered within 30 seconds.
