

Stratavia to Present at Collaborate 08 On Data Center Automation

Co-founder and CTO, Venkat Devraj, to Address Oracle's Most Influential User Groups

Denver, CO – April 15, 2008 - Stratavia™, the leading provider of data center automation software for Fortune 1000 organizations, today announced that its co-founder and CTO, Venkat Devraj, will be presenting at COLLABORATE 08: Technology and Applications Forum for the Oracle Community. The event will be held at the Colorado Convention Center, April 13 – 17, 2008.

WHAT:

The 3rd Annual COLLABORATE event is hosted by three of Oracle's biggest and most influential user groups, the Independent Oracle Users Group (IOUG), the Oracle Applications Users Group (OAUG) and Quest International Users Group. COLLABORATE 08 is expected to bring together more than 7,500 Oracle application, database and technology users. The forum will feature best practices, user-driven training as well as access to the greater Oracle community.

Venkat Devraj will be presenting a 60 minute technical session titled "Data Center Automation and DBA Version 2.0," where he will address how to increase the efficiency and operational maturity of the data center with automation. In this session Devraj will discuss how DBAs can leverage automation to streamline efforts and enable them to focus on more strategic business goals.

SPEAKER:

Venkat Devraj, co-founder and CTO, Stratavia

WHEN:

Thursday, April 17, 2008, from 8:30 a.m. – 9:30 a.m.

WHERE:

Colorado Convention Center, Denver, CO
