

EMA and Stratavia to Reveal EMA Data Center Survey Findings During Live Webinar

Executives at EMA and Stratavia to Share Best Practices to Avoid Common Problems in the Data Center

DENVER, CO – May 28, 2008 - Stratavia™, the leading provider of data center automation software, today announced that it will co-host a webinar featuring Andi Mann, Research Director at Enterprise Management Associates. The online event will be held on Tuesday, June 3, 2008 at 2 PM EDT/11 AM PDT.

WHAT:

During the 1-hour webinar, EMA's Andi Mann, and Stratavia's Michael Puterbaugh will reveal and discuss the important outcomes from a recent EMA Data Center Survey, the implications these findings have on large enterprise data centers, and share best-practice solutions that data center managers can use to solve these problems.

Key topics will include: The impact of staff costs and trends on data center budgets, difficulties attracting and maintaining skilled resources, the prevalence of other human issues like error rates, how these human issues affect IT and business performance and key tactical and strategic solutions to the most important problems.

SPEAKERS:

Andi Mann, Research Director, Enterprise Management Associates
Michael Puterbaugh, Vice President of Marketing, Stratavia

WHEN:

Tuesday, June 3 at 2 PM EDT/11 AM PDT

WHERE:

This web-based event is being hosted by both Stratavia and EMA. For more information or to register please visit the Stratavia Events website.

About Stratavia

Stratavia is a leading provider of Data Center Automation software. Stratavia's flagship platform, Data Palette, automates complex, error-prone, manually intensive yet repetitive IT service and run book automation tasks, while providing predictive analytics to detect and resolve issues before they can impact operations. Fortune 1000 companies rely on Data Palette to define, build and orchestrate standard operating procedures, and report on mission-critical applications and ITIL operations. Founded in 2001, Stratavia is headquartered in Denver, Colorado and is privately held and venture funded by Adams Street Partners, Asset Management Company and Vista Ventures.
