

## **Best Deal Allworx Announces Free Setup, Training, and Lifetime Technical Support on Allworx Phone Systems**

*Best Deal - Allworx, a leading provider of small business PBX phone systems, announces more than \$1400 worth of value added services free with every Allworx phone system.*

June 2, 2008 (FPRC) -- Wauconda, IL -- Best Deal - Allworx, the industry's leading provider of Allworx PBX phone systems, will offer \$1418 worth of free value added services to its clients.

Best Deal - Allworx provides a number of free services to its clients that cost extra with other providers including live, nationwide setup and installation of the phone system, lifetime technical support and Free Fed Ex shipping. The phone provider is also includes the customizing of the PBX phone system tailored around the customer's needs and phone usage, staff training performed by certified technicians, and a free 10-selection music on hold CD.

"As the leader in the small business PBX phone systems industry, we have the capability to provide the services small and midsized businesses need without charging an additional premium. Our goal is to ensure that our customers have access to a feature-rich phone system and understand how to make use of the available options at a price-point that fits their budget," said Brian Gatza, president of Best Deal - Allworx (<http://www.bestdealaw.com>).

Gatza, a recognized expert in the telephony industry, says he evaluated scores of hybrid VOIP phone systems before choosing to promote the Allworx brand. "This brand is by far the most feature-rich and affordable small business phone systems for small to midsized business with between 5 and 150 employees," said Gatza.

In addition to the standard features of basic PBX phone systems, Allworx incorporates a host of significant PBX phone system features that help businesses achieve more efficient and professional communications. While features such as offsite local extensions, call recording, and 8-person are a benefit to businesses, Gatza says that many are unsure how to fully utilize these features.
