

## AllAmericanBling.com has Updated Their Popular iPhone Bling Page

*The Apple iPhone has become the icon of the American gadget driven lifestyle. This updated website helps consumers individualize their iPhone life with faceplates and other accessories.*

July 26, 2008 (FPRC) -- 'The coolest phone deserves the coolest faceplate.' says Jeff Young, spokesman for [www.AllAmericanBling.com](http://www.AllAmericanBling.com).

AllAmericanBling.com has redesigned their iPhone Bling page to put more emphasis on iPhone faceplates and covers. 'We are following the consumer. Apple iPhone faceplate covers are our most popular items at our iPhone Bling page.' according to Young.

'AllAmericanBling.com has hardshell snap-on covers, that are very functional, as well as protective skin decals that are very cool looking. Personalizing the iPhone is becoming more popular as people learn to express their individuality with their iPhone. All kinds of looks and themes are available, from sports themes, to music themes, from pink flowered faceplates, to gothic looking skulls.' said Young. 'We have everything from loud bling looking faceplates, to tasteful designer iPhone covers.' Young said.

'Our iPhone Bling page has been redesigned with what may be the webs widest variety of iPhone accessories,' according to Young. 'We have blue-tooth headsets for the iPhone, speaker systems and docking stations, personal headsets, car chargers, home chargers, leather cases, pouches, wallets, and bags.' Young said.

'All this bling can not only make an iPhone look cool, AllAmericanBling.com can provide the iPhone owner with all the accessories needed to make owning an Apple iPhone a more enjoyable, individualized experience.' Young said.

AllAmericanBling.com is the up and coming shopping and gift site from Vista Virtual, LLC. The website keeps consumers up with the hottest 'bling' including Razr Phones, iPods, jewelry, the latest clothing, and toys.
