

First Class Cruise To Cash Announces Launch of New Website

First Class Cruise to Cash Opportunity offers its visitors discounted travel around the US and abroad as well as the opportunity to run their own travel related business from home.

August 17, 2008 (FPRC) -- First Class Cruise to Cash today announced the launch of their new website called First Class Cruise To Cash Opportunity. The new website has been developed for both the consummate traveler as well as for a person seeking a work from home business that's both lucrative and exciting.

The Cruise To Cash packages offer trips and vacations at unheard of prices to amazing locations and the opportunity to earn a small fortune when others purchase vacation vouchers.

'Who would ever want to work for a living when they can work from home and make a fortune by making others so happy?' Said Enrique Stewart, owner of First Class Cruise To Cash Opportunity.

First Class Cruise To Cash Opportunity allows travelers to select vacation packages, learn more about specials and discounts to members only and dream and plan their next vacation. While for the business opportunity seeker, First Class Cruise To Cash has been carefully developed to guide a first time visitor through the entire opportunity at their own pace, on their own time, with no strings.

Enrique Stewart's driving force is to help others achieve their desires and dreams. 'Times are tough right now' says Stewart. 'But they're going to get better, and when they do, I hope for some people it will be because of my help. I hope I can help enough people feel good again about their finances and I feel Cruise To Cash is the only business out there that can assist me in getting people there.'
