October 1, 2008 (FPRC) -- Harvest Life Changers Church was founded in 1995 by the internationally renowned pastors, Bishop-Elect Lyle Dukes and Pastor Deborah Dukes. The first worship service was held in a classroom at a local high school in Woodbridge, VA, a suburb of Washington DC, with no membership. The services quickly outgrew the classroom and the church moved to the school's auditorium. In September 2001, Harvest moved into their current facility on Telegraph Road across from the Mills Corporation's first shopping center, Potomac Mills Mall.

Today, Harvest has over 6,000 members and a host of outreach ministries serving the community and the world. Local outreach includes serving at the homeless prevention center, partnering with area groups to clothe and feed thousands who are in need as well as self-improvement programs and a youth summer jobs program for the community. World outreach includes extensive missions work in Africa and India. In December, the church will dedicate a new 2000 seat missions facility, the Harvest Conference Center, located in Nakuru, Kenya. This outreach will minister to thousands each week physically, mentally and spiritually.

The new Woodbridge facility is necessary because multiple Sunday services require the use of the sanctuary and overflow rooms, as well as overflow parking, to accommodate the attendance of members and guests. The Groundbreaking Ceremony will be held at 15590 Jefferson Davis Highway in Woodbridge and can be accessed by using Neabsco Mills Road.

Harvest Life Changers Church is currently located at 14401 Telegraph Road in Woodbridge, VA. For directions to the Groundbreaking Ceremony and other information, call (703) 490-4040 or visit the website at [www.harvestlifechangers.com](http://www.harvestlifechangers.com).
