

The Best Golf Instruction

A recently published book by Jack Moorehouse , called 'How To Break 80' that has been described by thousands of readers as 'The Best Golf Instruction ever!' is helping more and more golfers across the globe to break 80 today.

October 6, 2008 (FPRC) -- A recently published book by Jack Moorehouse , called 'How To Break 80' that has been described by thousands of readers as 'The Best Golf Instruction ever!' is helping more and more golfers across the globe to break 80 today.

According to NGT Research, there are over 60 million golfers in the world today and less than half of will ever break 100. 33% will break 90 and only 5 % will ever break 80.

However, a recently published book by Jack Moorehouse , called 'How To Break 80' that has been described by thousands of readers as 'The Best Golf Instruction ever!' is helping more and more golfers across the globe to break 80 today.

After years of practice and tinkering, the author discovered the magic formula that had enabled him to break 80 nearly every time he played a round of golf! He was able to do exactly what the pros do consistently and applied it to his own game with astonishing results.

This book is a complete manual on how to shoot your best scores ever. Simple steps and drills are provided to ensure you can incorporate these new techniques into your game. Golfers from the United States, Canada, Mexico, Brazil, Ecuador, Argentina, Australia, New Zealand, Africa, Great Britain, Spain, Portugal and Scandinavia who have used the new techniques are sending in their success stories every week because they have seen the program work for them. This is simply the Best Golf Instruction they have come across.

Here is the testimonial of one of the many satisfied users of the 'Best Golf Instruction' techniques:

'â€¦.. Bought your book last week, spent 3 days studying and practising the most obvious weak parts of my game (15 handicap so plenty of weak areas!)' said Ray Binedell, 'And went out and shot my lowest round ever, an 83 on a course where my only previous rounds have been, 92, 94, 95, and 91. Incredible!'
