

## **Cavalier Telephone and DSL Services Now Available In Okemos, MI**

*Cavalier Telephone is proud to announce an expansion of its award-winning phone and high speed internet services to Okemos, MI.*

October 7, 2008 (FPRC) -- DETROIT, MI - Cavalier Telephone, a familiar high speed internet and phone service provider is growing and expanding its services to Okemos, a suburb of Lansing, Michigan.

Cavalier is a total communications provider for homes and businesses alike, offering high speed Internet service, and complete telephone service, including local and long distance plans.

"Cavalier will provide a competitive choice throughout the Okemos service area for business and residential customers," said Ed Meyercord, CEO of Cavalier Telephone, LLC (<http://www.cavtel.com>).

"Our friends in Okemos, MI now have an alternative to the high price of telephone service, high speed internet and long distance calling plans. One of our most popular residential options is our C2 bundle. It's only \$50 per month, and it gives our customers High Speed Internet, plus unlimited local and unlimited long distance calling," added Meyercord.

The bundle gives customers the best value. Along with a High Speed Internet account customers receive:

- FREE High Speed Modem (\$99 value with lifetime replacement)
- Self-install kit (\$30 value)
- Download speeds up to 8 Mbps with no surcharge
- Pop-up blocker
- 3 email addresses
- Personal web space
- Support 24/7
- Unlimited local phone calls
- Unlimited long distance calls to all states and Canada
- Voice mail, caller ID, call waiting, call forwarding, call blocking, repeat dialing, three way calling and much more
