

Cavalier DSL and Business Phone Services Selected By Everfast, Inc. To Be Official Provider

Cavalier Telephone, trusted provider of DSL and phone service, has announced that Everfast, Inc. has selected the company to provide complete telecommunication services for their 15 locations.

October 8, 2008 (FPRC) -- PHILADELPHIA, PA - Cavalier Telephone, a fast growing provider of high speed internet and phone services, is pleased to announce that Everfast, Inc. has selected the company to provide complete telecommunication services to their 15 locations. Everfast, Inc., based in Kennett Square Pennsylvania, is the parent company of the Calico Corner retail fabric and furniture stores.

Cavalier competed aggressively with other communication firms to come up with a custom designed telecommunications program for Everfast.

"I'm very proud of the work Steve Henry, our Sales Manger in Newark, DE did to complete this transaction. Steve's professionalism and knowledge put the customer at ease, as he was able to point out the advantages Cavalier is able to deliver. Steve conducted a pre-sale site survey to assess the needs required and then to determine the best solution for this customer, which included an integrated voice and data T1 connection." said Ed Meyercord, CEO of Cavalier Telephone, LLC. (<http://www.cavtel.com/>). Cavalier is expected to generate \$5,800 in monthly recurring charges from this transaction.

Many people recognize Cavalier as an Internet provider. However, Cavalier offers a full suite of services including DSL, residential phone, and business phone services. Cavalier's full suite of services includes:

- High Speed Internet
- Dial Up Internet
- Local Telephone Service
- Long Distance Telephone Service
- Custom Designed Communication Solutions For Business
- Integrated voice and data T1 connection
- Data Storage Services
