Overstock Silver is happy to announce their new collection of starfish jewelry. Overstock's new collection of sterling silver starfish jewelry is fun and exotic. Many of the sterling silver starfish pieces are inspired by your favorite designers like Tiffany & Co. Starfish jewelry designs offered by Overstock are generic designs that make great gifts for you or that special someone.

President of Overstock Silver, Michael Cooke released a statement saying, 'Our jewelry is the best quality sterling silver jewelry on the net. Along with our unbeatable quality comes our unbeatable prices.' Overstock's jewelry won't leave your wallets empty either. Cooke released an additional statement saying, 'our jewelry is that exact same thing that you would find at your favorite stores on fifth avenue in New York City. So exact that all of our designer style silver pieces are crafted with genuine .925 sterling silver, and weight the exact same grams and dimensions as the authentic pieces. The only difference, our pieces are not stamped with any of the respected designers trademarks/names.'

Many Tiffany Style Necklace, Tiffany Style Rings, and Tiffany Style earrings come in both plain generic sterling silver designs, as well as in high quality CZ/fake diamond designs. Cooke finally noted that 'our selection is awesome, our prices are unheard of, and our customer service is exceptional.' Overstock noted that they are the one stop shop for all of your sterling silver jewelry needs. Many of our customers refer to our fine sterling silver jewelry pieces as replica silver, knockoff silver, fake silver, or knock off jewelry.
