

## **RVT.com Joins Forces with GetRV.com**

*New partnership combining RV sales and RV rentals means greater choice and enhanced options for RV travelers, used RV owners and RV dealers.*

November 21, 2008 (FPRC) -- Dallas, Texas – Two powerful forces in the RV supply industry, RVT.com ([www.rvt.com](http://www.rvt.com)) and GetRV.com ([www.getrv.com](http://www.getrv.com)) have teamed up to offer travelers more ways to hit the open road.

RVT.com is an online classified site offering new and used RVs, including motor homes, trailers, fifth wheels, camper vans and truck campers. The site's online RV classifieds exceed 40,000 private and dealer listings, which are viewed by more than 10,000 visitors daily.

With the addition of RV Rentals, powered by GetRV.com, RVT customers who may not be ready to commit to a purchase can rent to decide if the RV life is right for them. They can do specific searches for RVs to rent in their local area--virtually anywhere in the United States and in some Canadian cities, and browse through hundreds of Class As, Class Cs, travel trailers, fifth wheels, and pop-ups to find the perfect vehicle for their needs.

'We are always looking for ways to enhance our customers' web experience,' says Rodney Friesen, Senior Managing Director of RVT.com. 'Providing this capability to them demonstrates that we understand they want more options, and helps us to stand out from our competitors.'

Brian Heath, CEO of GetRV.com says that, 'according to customer feedback, over 40% of people who rent RVs are interested in purchasing one.'

When ready to explore the idea of RV ownership, visitors of GetRV.com, which average 5,500 daily in winter and up to 9,500 per day in the summer months, can simply click on RVs for sale to be linked to the search engine powered by RVT.com to search the site's extensive array of RV buy and sell classifieds. 'In addition, RV owners and dealers who have not considered renting list their RVs on our site, which is an excellent way to increase cash flow,' says Heath.

'Joining forces makes perfect sense,' adds Friesen. 'Together, RVT.com and GetRV.com can serve our customers at any stage in their RV travel adventure.'
