

## Roatan Photo of the Month for October 2008

*Professional cabaret entertainers from Carnival Cruise Lines enjoy this special day on Jolly Roger Catamaran Cruise. This photo tells it all.*

November 23, 2008 (FPRC) -- Roatan Photo of the Month for October 2008. A professional cabaret troupe working on the Carnival Cruise Ship had a rare day off when the cruise line booked a Roatan snorkeling and sailing tour of Roatan Island. The group was in rare form that day and their picture made the Photo of the Month on a top Roatan website, [www.Roatan.ws](http://www.Roatan.ws)!

The Jolly Roger Catamaran Cruise Tour in Roatan hosted the talented theatrical group for the day. With the main sail and spinnaker out full blast, the sail took them from the South side of the Island, around the Western tip and on to the beautiful coral reef on the North side. Everyone was eager to snorkel with the turtles, see the vast numbers of fish, and experience the beautiful varieties of coral and sponge life of the Great Western Barrier Reef in the Bay of Honduras. Snacks and drinks were served after snorkeling as the boat made its way into shore at the famous white sand beach at Tabyana Beach Park. There the group enjoyed a fun meal, kayaking, swimming, and sunning.

'Roatan island photo of the Month' October 2008

'Experience Paradise at Glacier Speed' at [www.Roatan.ws](http://www.Roatan.ws)

Also chosen as Roatan Photos of the Week in November 2008: Not So Scary Halloween, Hawksbill Sea Turtle, Roatan Island Life - Years Ago and one more week to come...

Roatan Photos of the Week 2008 - No ordinary collection of beautiful Roatan Photos. We have beautiful photos but also try and showcase people, places or things that interest us and you too!
