

## **JimOnLight.com Releases 'The JimOnLight.com Guide to Twitter for Actors, Designers, Directors, Technicians, and Entertainment Business Professionals'**

*JimOnLight, a popular blog on the lighting industries, has released an eBook geared towards actors, designers, directors, technicians, and Entertainment Business professionals using Twitter to promote their careers.*

February 24, 2009 (FPRC) -- JimOnLight.com Releases 'The JimOnLight.com Guide to Twitter for Actors, Designers, Directors, Technicians, and Entertainment Professionals' eBook for download, available immediately.

Lighting industries blog JimOnLight.com has released an eBook geared towards helping Entertainment Business Professionals utilize the popular social media client Twitter for career promoting. The JimOnLight.com Guide to Twitter helps the user set up an account, add friends, network, and post updates in Twitter's web-based client - as well as navigate some of the advanced functions of Twitter. The JimOnLight.com Guide to Twitter also dives into some of the third-party uses for Twitter, from tracking packages sent with major shipping companies, maintaining your followers list, and many other uses.

The JimOnLight.com Guide to Twitter for Actors, Designers, Directors, Technicians, and Entertainment Professionals is now available for HALF OFF the list price, for \$5.00 - for a limited promotional period - in a convenient PDF download. The eBook normally retails for ten (10) US dollars.

For more information, contact Jim Hutchison at the JimOnLight.com contact page, any time, for more information.

Jim On Light is a blog about light - lighting, light and art, lighting devices, lighting control, lighting fixtures, lighting concepts, and anything else that deals with light as its medium.
