March 15, 2009 (FPRC) -- Demon's Cycle Inc., a custom motorcycle company, have been recently thanked for their involvement in charities to help children in local communities and across the country. By donating equipment or sponsoring local sports team, Demons Cycle is helping to further Diabetes research, send kids with cancer to camps and promote a constructive opportunity for young athletes.

Headquartered in South Florida, Demon's Cycle Inc. is pleased to be involved with charities, particularly those working with children and teenagers. Recently Demon's Cycle Inc. and its founder Tom "The German" Steinbacher have been thanked by local charities including Gary Hall Jr. Foundation for Diabetes, The Chiera Family Foundation and the Davie Panthers U14 Elite Basketball team.

When asked about his motivations for working with children's charities Tom Steinbacher said, "I had a difficult childhood and I didn't have many opportunities. When I came to this country I had nothing. Everyone working for Demon's has a similar story. I want to help children have a better future and to have as much fun as possible while they are still young."

The Gary Hall Jr. Foundation for Diabetes thanked Demon's Cycle in writing, "we would like to thank you for your support of our organization and the cause we represent. Your donation of the Custom Demon's Cycle Chopper highlighted the event, bringing in thousands of dollars for the foundation. This money will be used to further research Diabetes and ultimately help lead to a cure for the thousands upon thousands of children and adults who suffer from it." They added, "We cannot thank you enough for your generosity; it displays your commitment to the community and to 'giving back' in a big way, one that will have real results, for real people."

The Chiera Family Foundation, who received a custom chopper, wrote "we would like to thank Tom Steinbacher and Demon's Cycle Inc. for their amazing donations and generosity. With their continued support we have been able to send hundreds of kids with cancer to R.O.C.K. camp!"
