

5,000 New Johnson Controls Products from DtiCorp.com

DtiCorp.com is introducing the Johnson Controls HVAC Control Products

June 2, 2009 (FPRC) -- Fort Lauderdale, FL – DtiCorp.com (<http://www.DtiCorp.com>) is introducing 5,000 brand new Johnson Controls HVAC Control Products. Johnson Controls (<http://www.johnsoncontrols.com>) is a global leader in automotive experience, building efficiency and power solutions. The company provides innovative automotive interiors that help make driving more comfortable, safe and enjoyable. For buildings, it offers products and services that optimize energy use and improve comfort and security. Johnson Controls also provides batteries for automobiles and hybrid electric vehicles, along with systems engineering and service expertise. Johnson Controls (NYSE: JCI), founded in 1885, has its headquarters in Milwaukee, Wisconsin.

HVAC Solutions from Johnson Controls:

- * Actuators - range from 35 to 560 lb.-in. of torque with a choice of direct mount electric, remote mount electric, spring return, non-spring return and pneumatic (Electric Direct Mount Non-Spring Return, Electric Direct Mount Spring Return, Electric Direct Mount Accessories, Electric Remote Mount Actuators & Accessories, Pneumatic Actuators & Accessories, Pneumatic Valve Actuators & Accessories).

- * Dampers - complete line of heating, ventilating and air conditioning (HVAC) controls, including top-quality dampers for a wide range of applications including: volume control, balancing, round, zone, fire, smoke and combination.

- * Valves - range from ½ inch to 20 inches with actuation choices featuring pneumatic, electric, spring return and non-spring return. You can choose valves in Cv ranges from .73 to 22,000. The choices continue with two-way normally open or normally closed and three-way mixing. Johnson Controls valves have the flexibility to fit a wide range of applications, from unit ventilators to VAV boxes to chillers.

- * Ball Valves, 1/2 through 2 inch (VG1000 Series), Flanged Ball Valves, 2-1/2 through 4 inch (VG1000 Series), Flanged Globe Valves, 2-1/2 through 6 inch (VG2000 Series), Pressure Independent Valve Assemblies (P1000 Series), Zone Valves, 1/2 through 1-1/4 inch (J Series), Bronze Globe Valves, 1/2 through 2 inch (VG7000 Series), Butterfly Valves, (VF Series).

- * Sensors - efficient solutions to a wide range of sensing needs (Humidity, Temperature, Pressure, Carbon Dioxide, Occupancy, Network Sensors)

- * Thermostats - easy-to-install, state-of-the-art technology, unsurpassed reliability and accuracy, within a comprehensive product line of thermostats. Network Digital (BACnet MS/TP, N2, LonWorks, Wireless), Network Resource Files, Zone Control System: Standalone and Network, Programmable Digital Standalone, Non-Programmable Digital Standalone, Modular Room Controls.

- * Heating Products - high performance thermocouples that provide high output for residential, commercial and industrial applications.

* Variable Speed Drives - The Johnson Controls VSD Series of variable speed drives offer a broad range of competitively priced open drives and drives with bypass, specifically engineered for Heating, Ventilating and Air-Conditioning (HVAC) applications.

About Us: DtiCorp.Com (<http://www.DtiCorp.com>) sells Johnson Controls HVAC Control Products, Flame Monitoring Systems, Honeywell Thermostats, HVAC Controls and accessories. They are keeping in stock various models of Honeywell burner sequence controllers, UV / IR flame detectors, flame signal amplifiers, modutrol motors, pressure switches, pressure & limit controllers, ignition transformers, gas solenoid valves, gas safety shut-off valves and Honeywell actuators.
