

## **Gama Corporate Travel Adds e-Travel Corporate Tracker Alerts and Advisory**

*Gama Corporate Travel has added e-Travel Technologies' e-Travel Corporate Tracker to its portfolio of value-added travel services. Gama's clients can readily access travel alerts and advisory information on their business travelers' locations.*

June 16, 2009 (FPRC) -- Gama Corporate Travel announced today that e-Travel Technologies' e-Travel Corporate Tracker is now available to all of Gama's corporate travel clients. As a value-added enhancement to Gama's travel management services, the e-Travel Corporate Tracker provides timely alerts and advisory risk information for travelers around the world.

e-Travel Corporate Tracker enables Gama to provide corporate travel clients with direct access to locate and contact their traveling employees who may be at risk. According to Dov Kagan, Gama's founder and Chairman, "The addition of e-Travel Corporate Tracker adds another leading information service to Gama's extensive portfolio of client benefits. We feel it is important to not only provide the best travel savings available, but also to provide the most current information affecting our travelers."

Donald Churchill, eTT Founder and President stated: "We are confident this value-added offering will contribute to Gama's competitiveness in addressing the needs of its multinational clients and the protection of their employees."
