Dr. Kelli, The Angel Whisperer® began speaking with her angels when she was a small child, however being born into a Christian family was a challenge for her to completely share and understand her God given gifts. Although she never gave up hope that she would be able to use these gifts and assist others she found it hard to fit-in. Dr. Kelli spent many years in a human resources management capacity in Corporate America and then in 1995, she had a near death experience, which finally changed the direction of her life for good.

Holding a Doctor of Metaphysics and a Masters of Divinity, Dr. Kelli is the President and Founder of the Center For Vibrational Healing, Inc., which provides counseling, healing and spiritual advice; as well as training to clients throughout the world. Dr. Kelli, The Angel Whisperer®, has been training others to connect with their own angels and teaches others how to heal through quantum angel healing. She accomplishes this by utilizing her background in various modalities such as; vibrational healing, energy work, angel healing, past life regression, connection to the Divine, intuition, and crystal therapy when appropriate. Besides assisting others in this capacity Dr. Kelli, The Angel Whisperer®, has recently written her first book, *Angels Are Always All Around You* and *Angel The Angel Whisperer's Angel Journal*, which can be ordered on Amazon.com.
