July 23, 2009 (FPRC) -- (Salt Lake City, UT) In response to the overwhelming demand for Frisbee disc golf, we are pleased to announce the launch of an incredible new website that is completely dedicated to Frisbee golf, also known as disc golf.

All orders will be processed the same day and will ship out the next business day. They ship direct from our supplier in Michigan to your doorstep. By drop shipping direct to you they will be able to offer the lowest product prices, lowest shipping charges, and the fastest delivery possible.

Frisbee golf is one of the fastest growing sports in America and is heavily concentrated in 3 major areas of the country. Clearwater Florida, Austin Texas, and Ann Arbor Michigan. But don't tell that to Brian from Ohio

'I Can't believe Ohio was left out of this scenario. Ann arbor is still very close, but the Cincinnati, Dayton, Columbus area of Ohio has over 50 courses within 60 miles, modest housing values, and a centralized midwest location to travel to tournaments all over the region.

The Cincinnati, Columbus, Dayton, and Chillicothe clubs have a vibrant tournament scene as well.

They truly are blessed with great courses, awesome people, and a very scenic environment.' Paul from Clearwater weighs in on the rankings ' Clearwater is really #1,2 and 3 but we will let you slide this time.'

It's easy to say that when you have 80 degree weather year round.

There are over 3,000 courses worldwide and growing at a rapid pace.

If you think about how many traditional golfers (the little white ball hit by golf clubs) choose where to live in proximity to courses they play, it's only a matter of time before Frisbee disc golfers start planning where they will live in a similar fashion.
