

Latitudes Group International Opens Office in United Kingdom

Latitudes Group International, a leading multinational healthcare recruitment agency, has announced the establishment of their office in the United Kingdom.

September 14, 2009 (FPRC) -- Latitudes Group International, a leading multinational healthcare recruitment agency, has announced the establishment of their office in the United Kingdom.

"Latitudes provides a seamless, efficient and hassle-free transition into healthcare jobs in Australia, New Zealand, South East Asia, the Middle East and the United Kingdom for both local and internationally trained and qualified doctors, nurses, other health professionals and their families," said Nick Hays, Managing Director of Latitudes Group International. "Having our new office in the United Kingdom, in addition to our offices in Brisbane, Melbourne and Singapore means that we will now be able to offer international medical graduates and nurses, and our many clients, more extensive services and local support. This will ensure a smoother transition and placement," said Hays.

"The establishment of our office in the United Kingdom was a key step to better serve the needs of both our candidates and clients located there. It also facilitates an almost 24 hour global operation that will provide access to our experienced consultants at locally convenient times," Hays continued.

Established in 2001, Latitudes Group International has quietly expanded its operations based on its extensive industry knowledge and superior service delivery. Latitudes has established clients throughout Australia, New Zealand, South East Asia, the Middle East and the United Kingdom, and holds local, national and international contracts for the recruitment of doctors, nurses and allied health professionals.

As a wholly owned subsidiary, Latitudes Migration Services provides professional advice regarding visa, residency and citizenship matters in Australia, and is soon to offer these same services in the United Kingdom, including Tier 2 sponsorship for international workers.

"Our intention is to continue to expand our client base and global health recruitment footprint to provide the widest choice possible," said Hays.

About Latitudes Group International:

Latitudes Group International is a specialist health recruitment service and registered migration agents providing professional advice to employers and potential employees in the health industry. With offices across the globe, Latitudes Group International provides access to local experts with a world of opportunity at their fingertips.
