

National Association of Christian Virtual Assistants Names Spotlight Member for October

The online community of the National Association of Christian Virtual Assistants announced Michele Randolph of Gold Force Support as October's Spotlight Member.

October 5, 2009 (FPRC) -- The National Association of Christian Virtual Assistants (NACVAS) announced today that Michele Randolph of Gold Force Support has been named Spotlight Member of the Month for October. Located in Strasburg, Ohio, near Canton, and with 13 years of administrative service to small businesses, associations, and non-profit organizations, Ms. Randolph has provided a host of skilled services as a virtual assistant to employers within the workforce, as well as the many volunteers she has partnered with while involved in numerous association and non-profit organization committees and projects.

When interviewed about why she became a member of NACVAS, Ms. Randolph said, "I am a firm believer in the fact that everything happens for a reason. Whatever comes into my life, I know God will use to strengthen me or will use me to support, strengthen or lift up someone else. To be a part of an online community like the National Association of Christian Virtual Assistants with the same ideals as I have is a true blessing."

NACVAS founder, Ann Brown, added, "Michele was one of our first members when we launched our organization last month. She has been a great advocate of NACVAS and our mission. We're so proud and excited to name her as our first Spotlight Member and showcase both her talents and efforts in the virtual assistant industry."

The National Association of Christian Virtual Assistants (NACVAS) is the first national organization to support Christian VA's, and its mission is to empower its members to grow professionally and spiritually through fellowship, training, and support.
