

KTGY Principal Damian Taitano Invited to Speak at Building Industry Show 2009 at Long Beach Convention Center

KTGY Principal Damian Taitano, Architect, has been invited to speak at the 21st Annual Building Industry Association of Southern California's Building Industry Show (BIS) 2009 on November 19 at the Long Beach Convention Center. This is Taitano's third consecutive year speaking at the BIS. In past years, Taitano has covered topics from cost implications of new building codes to practical applications of sustainability. This year he returns with the timely discussion, "Lessons from Past Tough Times Applied to Current Conditions" from 1:30 pm - 3:00 pm in Room 103B. Taitano will provide an analysis of residential and mixed-use projects to demonstrate the successes and failures in planning, product and market program. Attendees will learn how to develop solid "rule of thumb" guidelines for future development.

October 5, 2009 (FPRC) -- IRVINE, CALIF. - Award-winning KTG Y Group, Inc., Architecture and Planning, is pleased to announce that KTG Y Principal Damian Taitano, Architect, has been invited to speak at the 21st Annual Building Industry Association of Southern California's Building Industry Show (BIS) 2009 on November 19 & 20, 2009 at the Long Beach Convention Center. This is Taitano's third consecutive year speaking at the BIS. BIS is the official tradeshow of the Building Industry Association of Southern California and has been the number one trade show for the region's building industry professionals.

In past years, Taitano has covered topics from cost implications of new building codes to practical applications of sustainability. This year he returns with the timely discussion, "Lessons from Past Tough Times Applied to Current Conditions" on Thursday, November 19, from 1:30 pm - 3:00 pm in Room 103B. Taitano will provide an analysis of residential and mixed-use projects to demonstrate the successes and failures in planning, product and market program. Attendees will learn how to develop solid "rule of thumb" guidelines for future development.

Taitano is dedicated to client service and has a talent for multi-family residential design. Responsible for conceptual planning through construction details on projects throughout California, his experience includes attached for sale and for rent properties, mixed-use development with a special focus on infill projects ranging from 10 to 60 units per acre. Taitano is currently working with many builders, developers and civic agencies to reposition entitled but financially unattainable projects to enable practical density and construction techniques for future success.

KTGY continues to produce award-winning multi-family and mixed-use developments that integrate the latest urban design trends and green building technologies with the needs of the end user. Among its other multi-family product types, KTG Y is well recognized for its designs in affordable, senior and campus housing as well as retail, hospitality, mixed-use and related specialty developments.

About Building Industry Trade Show

BIS is a Building Industry Trade Show specifically for Building Industry Professionals of the Southern California region. It is the Official Tradeshow of the Building Industry Association of Southern

California. BIS Targets serious decision makers throughout Southern California, Arizona and Nevada reaching 6 local BIA/SC Chapters and 12 different councils. BIS provides over 400 exhibitors the opportunity to deal direct with builders, subcontractors, purchasing agents and suppliers. For more information about the event, visit www.buildingindustryshow.com.
