

Mortgage Foreclosure Solutions Provider, Home Rescue, LLC Saves Client More Than \$32,000 With Loan Modification Programs

With thousands of homes entering foreclosure daily, clients are seeking to modify home loan mortgages, reduce debt and ease financial stress. One company, Home Rescue LLC is helping them do just that.

October 29, 2009 (FPRC) -- COCKEYSVILLE, MD -- The recession has seen billions of dollars in homes enter foreclosure, and this trend is showing no signs of slowing down any time soon. This has left millions of people homeless or at risk of losing their homes because they simply don't have the funds to make the payments. If the professionals at the loan modification programs provider Home Rescue, LLC had their way, however, these homeowners would modify home loan rates and end the nightmare.

As Home Rescue, LLC explains, there are numerous mortgage foreclosure solutions available to homeowners that can help them prevent foreclosure and ease the strain on their finances. One such homeowner, Jim, sought help from the experts at Home Rescue. And, after a few short sessions, they would modify home loan interest rates, forgive arrearages, taxes, and attorney fees, which were paid by the lender, to reduce Jim's debt load by \$32,000.

"With Jim, we were able to use a number of different financial and mortgage foreclosure solutions to help eliminate a good portion of the debt load he was carrying while enrolling him in the appropriate loan modification programs. The results were phenomenal," stated Duncan Douglas, for the mortgage foreclosure solutions provider Home Rescue, LLC.

Jim's isn't the only story the professionals at Home Rescue could tell. Richard and his family were on the brink of losing their home. After contacting the loan modification programs provider, he was able to modify home loan interest rates and lower his monthly house payment by almost \$2,000.

"While each situation is unique, there are a number of loan modification programs to modify home loan interest rates and give homeowners the relief they're desperately seeking. Unfortunately, many of them don't know about these mortgage foreclosure solutions until it's too late," said Douglas.
