

Top Cabo San Lucas Tours & Activities Website Providing Special Packaged Deals on Various Cabo Excursions

In order to meet customer demand, the most popular website for all things related to Cabo San Lucas tours and activities will begin offering special packaged deals featuring some of the best Cabo San Lucas attractions

October 30, 2009 (FPRC) -- The leading center and website for Cabo San Lucas tours and activities, Best On Cabo.com, will now begin offering various special packaged deals featuring some of their best and most popular Cabo San Lucas attractions. The packages, featuring everything from Cabo snorkeling trips to Cabo dolphin swims, will save customers money and give them the ultimate activity package for their Cabo San Lucas vacation.

The idea came mostly from customer requests for such packages. Before, Best On Cabo customers were able to create their own vacations by picking from the extensive list of Cabo San Lucas attractions offered by the website. The new packages are basically the same idea, but designed to make choosing Cabo San Lucas tours easier and to save Cabo travelers some money.

"There is a lot to do in Cabo San Lucas," explains Best On Cabo office manager Janelle Ruiz. "These new deals pick the most popular Cabo San Lucas tours and package them so that Cabo San Lucas visitors can simply pick a package rather than individual tours and activities."

Current packages offered by Best On Cabo include Cabo snorkeling, sailing, and hiking tours; Cabo snorkeling, parasailing, and whale watching tours; and Cabo snorkeling, kayaking, horseback riding, and whale watching tours (the special eco-tour package). New packages will show up at the center in the coming weeks and customers are welcome to create their own Cabo San Lucas tours and activities packages.

Best On Cabo is the leading center for all things related to Cabo San Lucas attractions. They run the website BestOnCabo.com which features a user-friendly design and plenty of information on Cabo San Lucas and the many Cabo tours that visitors can enjoy during their stay.
