November 19, 2009 (FPRC) -- OrientalPearls.net announced they have just partnered with gold jewelry manufacturer, together they will not be only able to offer gold and pearl jewelry at factory-direct cost, but also they will be able to individually customize the gold and pearl jewelry to each customer's requirement and specification

Pearls are the family business at OrientalPearls.net - and now this leading pearlwholesaler of pearls and pearl jewelry is offering another alternative by partnering with a gold jewelry manufacturer to offer a wide array of gold pieces to enhance their present selection.

With their special customized service, customers will get their own jewelry to be designed and made uniquely in either gold or gold plated jewelry, all it takes is a 10 day turn-around time.

'We're still getting the word out about this,' said Lan Toma, a spokesperson for OrientalPearls.net. 'We have negotiated and partnered with our gold manufacturer for both yellow and white gold in 9k, 10k 14k, 18k and even 24k, or just gold plated, and this is giving us a lot more opportunities to use gold in our pearl jewelry.'

OrientalPearls.net is a family owned company with freshwater pearls farms supplying the world with quality pearl jewelry and loose pearls at wholesale cost. They offer ready made pieces and fast turnaround on custom designs. 'Every piece of jewelry you see on our site can be adapted or customized to your own preference,' said Lan Toma, 'and we can even work with you to design a specialty piece if you come to us with an idea, as we have done for our jewelers for years.'

OrientalPearls.net is able to offer incredible pricing on beautiful pearl and gold jewelry due to their own pearl supply, the new agreements with gold and silver suppliers, and trained in-house artisans who craft each custom piece by hand.

If the gold pearl jewelry is too pricey but you still would like to go for that glitter for the same gorgeous look, then you can have your favorite designed custom made with 18k gold plated with a fraction of the cost comparing with 18ct gold.

'No matter what the economy does, people need to still feel beautiful,' Lan Toma commented. 'With pearl and gold jewelry that doesn't break the bank, they can look better and feel better without having to spend a fortune.'
