

## **Skyline Canada Chosen As Preferred Vendor For Trade Show Booths At Showcase Ontario 2009**

*Skyline Exhibits Canada showcased its Mirage and SkyTruss Exhibit Booths as a preferred vendor at the highly anticipated Showcase Ontario 2009.*

November 23, 2009 (FPRC) -- TORONTO, ON., CANADA -- Leading trade show services company, Skyline Exhibits Canada was able to showcase several of its most popular trade show booth lines and tables for rental at the Showcase Ontario 2009. Showcase Toronto is Canada's largest public sector information technology education conference.

The Topaz and Emerald Exhibit Booth options were two of the exclusive Canadian trade show display choices available to exhibitors at Showcase Ontario. Topaz, a 10 by 10 foot booth, and Emerald, a 10 by 20 foot booth, are constructed of the curved-wall "Mirage" line by Skyline Exhibits. The Sapphire and Diamond styles, both 20 by 20 foot booths and the 20 by 30 foot Diamond Plus and Double Diamond exhibits, were constructed of either the standard Modular Interlocking System (MIS) by Freeman, or the upgraded Skyline Truss System.

"When the government turned to Skyline Toronto in order to create a new look that would match the innovative presentations of each exhibitor, the look that we provided with our new product options worked well and our competitive prices for exhibitor booth rentals was what they needed to choose Skyline as a preferred vendor for Showcase Ontario 2009," says Peter Sterne, Exhibit Consultant for Skyline Toronto.

Skyline Exhibits Canada was able to offer each vendor customizable options on the booths including other new exhibit booth rental products such as the Envoy™ Panel System, Skyline LED Lighting, InterfaceFLOR® Carpet Tiles and DesignView™ Presentation Systems.

Trade show services exhibitors are often in a quandary when it comes to shipping trade show booths to the destination because of the costly shipping and investment in upgrading to the latest innovations in portable displays. Turning to the Skyline Exhibits Service Center in Canada for exhibit booth rentals enabled exhibitors from around the country and around the globe to come to the event without having to pay for costly shipping and logistics.

About Skyline Exhibits in Canada:

Skyline Exhibits has 10 locations in Canada that offer Skyline trade show and event exhibits to match any size and budget, ranging from tabletop displays and portable displays to modular inline exhibits and large-scale island exhibits. These 10 Skyline Exhibits offices in Canada are part of the global Skyline network of more than 1,500 team members ready to provide exhibitors expert worldwide service and support in nearly 100 North American design centers and representatives in 38 countries. Supporting the 10 Skyline Exhibits Canadian offices is the Skyline Canada Regional Service Center, which manufactures large-format trade show display graphics and provides exhibit booth rentals.
