

## **Christmas Snorkeling and Do-It-All Trips Still Open Through Key West Snorkeling Tours**

*This Christmas and holiday season, you will still be able to book your Key West snorkeling trips and Do-It-All excursions through the leading center for snorkeling trips in Key West, [KeyWestSnorkelingTours.com](http://KeyWestSnorkelingTours.com)*

December 19, 2009 (FPRC) -- One of the busiest times of the year in Key West Florida is the holiday season. This holiday season, Key West Snorkeling Tours is offering special trips for visitors to the island to experience the fascinating Key West snorkeling trips that take guests out to the colorful coral reef gardens off the coast of Key West.

Most of the Key West snorkeling tours available during the last two weeks of December still have at least a handful of spots available. Most tours sell out every day during the holiday season, so travelers interested in going snorkeling in Key West or on many of the other activities available are encouraged to book in advance.

Key West Snorkeling Tours will be offering their excellent snorkeling trips throughout the holidays, including Christmas Eve, Christmas Day, New Years Eve, and New Years Day. The 78-foot catamaran Snorkel Adventure, their most popular trip, continues to run at the special low rate of \$45 which includes an hour and a half of snorkeling and complimentary beverages.

On Christmas Day, the highly popular Ultimate Adventure snorkel and water sport package will feature a special Christmas theme. The complimentary lunch served on board the six-hour adventure will feature Christmas ham, sliced roasted turkey, stuffing, seasonal side salads and plenty of options for vegetarians. They will also offer an additional and complimentary continental breakfast. If you book this trip now, you can also take advantage of the special offer of a free champagne sunset sail or a \$20 upgrade on the popular live music sunset trip.

"We're all excited about the holidays," states Key West Snorkeling Tours reservations agent Maggie Scott. "It's the time of the year when Key West really starts getting busy again, the crowds come--families, couples, honeymooners, younger vacationers--and it's a blast for everyone."

Snorkeling in Key West trips are some of the most popular tours visitors like to go on. The island of Key West is surrounded by one of the most extensive and populated stretches of living coral reef in the country. Key West snorkeling trips head to a variety of different stops along the coral gardens and guests can get a glimpse at the vibrant world underneath the water's surface.
