

Ladies Black Diamond Jewelry Sparkles this Holiday Season at Titanium-Jewelry.com

Alluring black diamonds add touch of mystery, understated elegance to wardrobes and holiday wish lists

December 21, 2009 (FPRC) -- Titanium-Jewelry.com, a trusted online resource for black diamond jewelry, announces the arrival of the Belloria Black Diamond collection, just in time for this holiday gift-giving season. Black diamonds are some of the hottest trends in ladies fashion with celebrities such as Victoria Beckham, Sarah Jessica Parker, Carmen Electra, Cate Blanchett and others showing up on the red carpet and gracing the pages of style magazines wearing black diamond jewelry.

“Black diamonds, being unpretentious, can be worn every day either with an evening dress or with casual wear,” said Ron Yates, founder, Titanium-Jewelry.com. “Dark stones like black diamonds are adorning the necklines of celebrity women and those who desire to stand apart from the crowd. Unlike the white diamond, which casts a brilliant spell, seductive black diamonds draw the eye in for a closer look at its mystifying beauty. They are vogue but understated.”

All that glitters is not gold this winter--it's black diamond jewelry. From raven-hued tresses a la Kristen Stewart of the series *Twilight: New Moon* to the ubiquitous little black dress--black is back. Black diamond jewelry is making a bold statement, appearing in women's jewelry and even in engagement rings. Black diamonds typically are set in white gold, platinum or palladium to complement the stone's edgier aspect.

The Belloria Black Diamond Jewelry collection includes stunning pieces that will take her breath away. One of the more popular pieces is the antique rose cut black diamond earrings. Each earring features a genuine black diamond that is rose cut, measuring between 4-mm and 6-mm, and mounted in a gleaming 14k white gold bezel setting. Other vintage inspired pieces from the collection feature briolette cut black diamonds which dangle in earrings and lavalier necklaces. And not to be missed is the faceted black diamond necklace, a diamond strand necklace with over 200 individually faceted black diamonds. Each piece

The Belloria Collection is the latest inspiration from contemporary jewelry designer J.R. Yates and is only available at Titanium-Jewelry.com. The feminine counterpart to his men's jewelry collection, Belloria is based upon the same philosophy, integrity and timeless elegance for which J.R. Yates' is known.

In addition to Belloria Black Diamonds, Titanium-Jewelry.com offers sophisticated designs from ArtCarved, Benchmark, COGE, Diana Classic, Edward Mirell, Formotion Watches, J.R. Yates and Triton. Enticing grooms and couples worldwide, the online retailer provides a multitude of styles and metals representing the best selection of palladium rings, titanium rings, tungsten rings, and men's wedding bands for the fashion forward male and female demographic.
