

Winter Clearance Sale Of Popular Electric Fireplaces Now Available At ElectricFireplacesDirect.com

Popular models of electric fireplaces are going fast in the winter clearance sale at ElectricFireplacesDirect.com. Some models are listed at almost half of their regular retail value.

March 9, 2010 (FPRC) -- FLORENCE, AL - ElectricFireplacesDirect.com, the largest online retailer of electric fireplaces, is currently holding an online winter clearance sale of popular electric fireplace models. Many of the top sale items are available exclusively at ElectricFireplacesDirect.com.

Great deals can currently be found on a variety of different models of electric fireplaces to fit any size room and budget.

"We are encouraging customers who want to take advantage of the sale to log on quickly to order. We've listed quantities still available in real-time on each model featured in the sale, but many of them are moving fast, so when they're gone, they are gone," said Rick Morse, CEO of ElectricFireplacesDirect.com.

One popular model, the Auckland 18SM465CCR Petit Foyer in Cocoa Cherry Finish, gets high marks - four and a half out of five stars - from customer reviews on the site for it's attractive finish, easy set-up, supplemental heat, affordability and realistic flame technology.

Other popular electric fireplace heaters on sale include two models Duraflame Freestanding Electric Stoves. These stoves, ranging in clearance price from \$99 to \$129 are perfect for small apartments, RV's or any room where space is limited. Since both models are very light, 17 pounds and 31 pounds, they can easily be moved as needed.

The Milton 23-inch Espresso Media Console Electric Fireplace is a great option for living rooms, family rooms or bedrooms as it combines a fireplace and media console in one piece of furniture that performs dual purpose.

The Riverton 23-inch Oak Electric Fireplace Cabinet Mantel Package is offered at \$479, almost half off its regular price of \$899. Both the Hastings Espresso Wall/Corner Combo Electric Fireplace and Leeston Vintage Cherry Wall/Corner Combo Electric Fireplace are corner electric fireplaces that provide a space saving option by fitting into the often-wasted space of a corner of a room. These versatile combo units can also be converted to wall units as furniture is rearranged.

All models of electric fireplace heaters featured in the winter clearance sale automatically qualify for same day shipping if ordered by 9am Central Standard Time, Monday through Friday. Smaller models can be shipped via FedEx and will arrive within two to five business days. Larger fireplace models that require shipment by truck freight usually arrive within three to six days from ordering.

In addition to the winter clearance sale, other affordable deals can be found everyday on quality electric fireplaces. The Amish fireplace is a favorite for its affordability and portability. The Amish fireplace models are mounted on easy to roll casters allowing it to be moved room to room so that it's heat and ambiance can be enjoyed in any room in the house.
