

New Ritz Carlton Residence Club in Lake Tahoe!

Ritz Carlton Residence Clubs in Lake Tahoe are the newest 5-star lodging additions to the luxurious Lake Tahoe, primarily rented by TravelEnVogue.com

March 10, 2010 (FPRC) -- Ritz Carlton has just opened a Residence Club in North Lake Tahoe, California! These luxury condominiums are a part of the Ritz Carlton Lake Tahoe Northstar Resort. TravelEnVogue.com is the primary source for these exclusive property rentals.

North Lake Tahoe is just outside of Truckee, CA, on the northern side of the lake, which is situated between the border of California and Nevada. Northstar Village, accessible via a private Ritz Carlton gondola, is the newly developed area of Lake Tahoe that caters to a discerning clientele. This includes fine dining, nightlife, high end shopping, and ice skating. Ritz Carlton Lake Tahoe Northstar Resort and Residence Club is the only mid-mountain ski-in/ski-out location in Northstar, providing the most convenient and seamless ski experience possible. Ski Valet provides full service gear assistance, which includes helping guests put on their gear and storing and cleaning equipment.

“Ritz Carlton North Lake Tahoe Residence Clubs provide a really convenient ski experience for all guests, comparable to what you would find in Aspen or Vail,” says Jerry McCarthy, Owner of TravelEnVogue.com. “It’s the only mid-mountain location in Northstar, and it’s really close to the Squaw Valley and Heavenly Valley ski resorts.”

Ritz Carlton Residence Clubs are fractional properties in which multiple owners have a deeded portion to a certain unit. Each owner is allotted a certain amount of weeks per year, which they can use themselves, or rent, to other travelers. TravelEnVogue.com has the largest selection of available properties, which are rented for a week’s time. Not only do renters have all the convenient features of a luxury condo, such as full gourmet kitchen, multiple bedrooms and baths, living and dining rooms, and washer and dryer, but they are provided with full use of the Ritz Carlton Lake Tahoe Northstar Resort as well. Resort amenities include a spa, fitness center, heated pool and hot tubs, 5-star dining, and kids programs.

These luxury condominiums are perfect for family vacations, spring break with friends, or romantic getaways. A full week of quality time with loved ones and plenty of outdoors activities to keep everyone in your party entertained is the perfect way to relax and create wonderful memories.
