

Titanium-Jewelry.com Introduces New Seranite and Tungsten Rings by Benchmark

Scratch-resistant, ceramic-based metal adds timeless beauty to men's rings

March 23, 2010 (FPRC) -- Titanium-Jewelry.com, a trusted online resource for men's wedding bands and matching wedding bands, introduces the new Seranite and tungsten rings by Benchmark. Seranite is a propriety black ceramic based material that is scratch resistant.

"As a company that prides itself on carrying stylish, modern jewelry backed by an equally stellar customer service record, Titanium-Jewelry.com is pleased to introduce the new Seranite collection of rings by Benchmark," said Ron Yates, founder, Titanium-Jewelry.com. "The smooth elegance of Seranite contrasted against the polish of durable tungsten creates a perfect combination of beauty and functionality."

Known for introducing the "Comfort Fit" design in wedding bands, Benchmark has 40 years of excellence in the jewelry industry, offering tungsten, titanium and diamond rings and bands, and the new Seranite collection. Titanium-Jewelry.com offers the JULIAN, BRADEN, REISS, GABLE, GREGORY and the striking MANTA ring. All of the rings contain Seranite and feature Benchmark's comfort fit.

The JULIAN Seranite and sterling silver concave ring by Benchmark measures 8mm wide. In the center of this concaved wedding band is a 3mm inlay of sterling silver. The BRADEN Seranite and tungsten carbide ring measures 7mm wide. Inlaid in the center of the Seranite wedding band is a strip of highly polished tungsten carbide.

The GREGORY Seranite and tungsten is a flat band that features a perfect contrast of black Seranite against polished tungsten carbide, finished with a beveled edge for understated elegance. This is a timeless wedding band whose beauty is designed to last. The REISS and GABLE black Seranite and tungsten carbide rings feature more detailed ridges for a distinctive look and comfort fit.

In addition to Seranite and tungsten rings by Benchmark, Titanium-Jewelry.com offers sophisticated designs from ArtCarved, COGE, Diana Classic, Edward Mirell, Formotion Watches, J.R. Yates and the Belloria Black Diamond collection for her. Enticing grooms and couples worldwide, the online retailer provides a multitude of styles and metals representing the best selection of palladium rings, titanium rings, tungsten rings, and men's wedding bands for the fashion forward male and female demographic.
