April 8, 2010 (FPRC) --Orlando, FL- For several years, Unlimited Web Solutions owners, David Williams and Fred Wood have been offering clients in the Raleigh area (as well as around the nation) top-notch SEO Consulting, SEO Training as well as SEO Implementation- all with proven success rates. That being said, the two SEO industry experts are excited to announce the expansion of their current Raleigh-based company as they now turn their focus to include the Orlando SEO market. As co-owner of UWS, David Williams stated,

“SEO in Orlando will become a key area of focus for us as we expand from the Raleigh SEO market into the Orlando SEO market. Although Raleigh is our headquarters, we plan to be in the Orlando area one full week of every quarter, which will allow us to serve our Orlando SEO clients well.”

As for the type of SEO Orlando services that clients can expect? UWS co-owners, David Williams and Fred Wood plan to deliver quite the SEO punch with just a sampling of some of the following search engine optimization services:

- Customized Organic SEO Plans
- Free Initial SEO Consultation
- Website Design Architecture and Programming
- Month-to-Month Option or 1 Year Contract
- SEO Orlando Services Starting at Competitive Rates
- SEO Training with David and Fred's “SEO Bootcamp”
- SEO Strategy Implementation (UWS does the work!)

Whether you are a small business start-up or an international corporation looking to dive into the SEO market for the first time, search engine optimization is not something that is easily tackled alone. Rather, there are various elements of SEO Implementation to consider such as knowing what keywords to target, what the competition is like for the top ranked sites in your niche as well as what your direct competitors are up to. Together with web developer, Fred Wood and SEO industry expert, David Williams, UWS is excited to offer their distinguished Internet Marketing Services to the Orlando SEO market.
