

## **Personalized Toy Boxes Are a Cherished Gift**

*Gift giving is a timeless tradition, and the most meaningful gifts are personal, useful, and long lasting. Custom toy chests or wooden toy boxes can often make the most purposeful gift that will grow with a person throughout his or her life, and can be custom engraved to create the most meaningful gift possible.*

May 26, 2010 (FPRC) -- BISMARCK, ND - For those shopping for the perfect gift, Wood Creations, Inc. offers a smart solution for any situation or special event. Trying to find something that is as classy as it is useful? How about a top quality, hand crafted custom toy box that is entirely customized with a personal phrase, name, or other design engraved on the front?

Wooden toy boxes have always been tasteful and decorative ways to provide storage in any room - and have long been a popular item used for keeping the most commonly messy room (a child's playroom or bedroom) picked up and clean. Wood Creations, Inc. has taken this traditional gift to a higher level of timeless by offering custom engraved wooden toy boxes.

These can make the perfect Mothers Day or baby shower gift, and are especially popular as a gift for toddlers. Typically, customers can contact WoodToyBox.com with a design idea to be engraved on a high quality wooden toy box, and the company will work closely with customers to finalize the design. Once a design has been approved, advanced technology is used to customize a high quality wooden toy box (available in Cherry, Espresso, or Oak) with the design chosen. From the name and birth date of a child to clip art or graphics that symbolize their unique interests or personality... a custom toy chest becomes a lasting keepsake sure to accompany young children throughout each step of their lives, from kindergarten to college and beyond.

The imagination holds no limit to what can be engraved on a wooden toy box, as a variety of clip art designs are currently available, along with several options for lettering. Without any doubt, this is the longest lasting, most personal gift that any child could ever hope to receive!

However, customized wooden toy boxes are not just for children and toys. A personally engraved wooden storage box also makes the perfect gift for any special occasion, including Weddings, Retirement, Graduation, and more.
